A Message from Rev. Nancy Reid-McKee

During a recent zoom-call someone reminded me: “This church is a lifeline that gives me a place where I can be with other people. There is no where else for me to go.”

Now, more than ever, we need this house of belonging. We each experience self-isolation in some form, and wonder how we can feel connected while being physically separated. And so, we turn to our church community to remind us that we are not alone.

We need each of us to bring all we have, and all we are, to this church- to give and to receive. We share time. We share companionship, stories, silence, meditation, and we share money.

Pledging your finances to our church assures that, while the doors remain closed, the zoom links and telephone lines are open.

This is the time to give generously. Your financial support ensures that Northlake is here to do the work that no one else can do: connect us with our community and nurture our spirits.

Thank you for pledging your support to make sure Northlake thrives and grows through the coming year.

Blessings- Rev. Nancy Reid-McKee

Northlake’s mission is to celebrate life by **worshipping together**, **servicing others**, and **nurturing a diverse, loving community**.
